your
future

The [Ministry of SaskBuilds and Procurement](#) (SBP) provides central coordination and delivery of property management, information technology, procurement, project management, transportation, and other services to government ministries and agencies. The ministry integrates, coordinates and prioritizes infrastructure planning and delivery for the Province of Saskatchewan, and advances projects through contract oversight, innovative approaches, and alternative financing models as appropriate.

The Ministry of SaskBuilds and Procurement is seeking a dynamic and motivated individual to join the Health Infrastructure branch on a two-year term position as a Senior Project Manager in the Capital Solutions unit.

Capital Solutions manages projects in the planning phase of work, with a focus on options analysis to identify viable solutions to complex problems in the area of health infrastructure.

The Senior Project Manager will be an innovative thinker who works collaboratively as part of a team to lead, analyze and provide advice on infrastructure projects.

Typically, the knowledge and skills required to be successful in this position would have been obtained through the following:

- A degree in business, engineering, economics, public administration/policy, social sciences, or related disciplines, supplemented with relevant work experience;
- Three to five years of experience in project management or related fields;
- Familiarity with project management, procurement methodologies, understanding of municipal and civil infrastructure requirements, project costing, budgeting and the procurement process would be an asset; and
- A Master's degree and/or Project Management Professional (PMP) or related designations will be considered an asset.
