The Board of Directors is pleased to announce the appointment of Al-Azhar Khalfan as President and Chief Executive Officer of Supply Chain Management Association Ontario (SCMAO) effective [July 3, 2018](#).

Al-Azhar joins the SCMAO after having spent the last nine years with the Institute of Corporate Directors (ICD). The ICD is Canada's only member-based association representing over 13,000 board directors in Canada. In his most recent role as Vice President, Marketing and Membership Engagement, Al-Azhar worked to develop and execute membership growth, engagement and retention strategies. During his tenure there, the ICD saw rapid growth in membership. Al-Azhar is a results-oriented and collaborative leader. We look forward to his arrival and contributions to driving the SCMAO strategic plan and future growth for the benefit of our members and stakeholders.

Please join me in welcoming Al-Azhar to SCMAO.  
On behalf of the Board of Directors,

Joe Malon  
Chair
